SENATOR CHAMBERS: Mr. Chairman, the rule does say that whenever in the Speaker's judgement a bill is in such shape that it ought to be returned to committee, it should. I think we would support you Mr. Speaker if you would let the bill go as it is and then all of these amendments can be hashed out...

PRESIDENT: If the bill hasn't changed since it came out of committee is the difficulty.

SENATOR CHAMBERS: Senator Venditte's amendment was adopted this morning which substantially changed it.

PRESIDENT: This is a prerogative of the Speaker. I think we...Mr. Speaker. No implications from clearing my throat Senator Chambers. It is the Speaker's position that the bill doesn't warrant being sent back in its present condition. So that...we're back now...wait just a second, Senator Goodrich with that understanding do you still want to withdraw your amendment to the amendment?

SENATOR GOODRICH: Would Senator Chambers yield to a question please?

PRESIDENT: Here, just a moment. Let's put to a vote of the House to send this bill back to committee and then you don't have to worry about the narrow-minded Speaker. Senator Lewis moves that this bill be sent back to committee for hearing on all pending amendments and amendments to amendments. Is that your motion Senator Lewis? Senator Chambers calls for the question. Are there five seconds? I see five seconds. The question is shall debate cease? Record your vote. Record.

CLERK: 31 ayes.

PRESIDENT: The question is Senator Lewis' motion to send this bill back to committee with all amendments and amendments to amendments. Record your vote. Record.

CLERK: 33 ayes, 0 nays.

PRESIDENT: Congratulations. The bill is back to committee.
